

NWT OHT Strategic Plan

2024-2027

Our Mission, Vision, and Values

OUR VISION

Connected,
empowered,
and healthier
communities in
Northwestern
Toronto.

OUR MISSION

We will work together to
create a more equitable
and integrated
healthcare system and
advocate to meet the
needs of our diverse
community.

OUR VALUES

Equity,
Accountability,
Collaboration,
Respect,
Transparency

We are proud to share our 2024-2027 Strategic Plan.

NWT OHT's strategic plan focuses on three Strategic Directions.

Advance **racial equity** by embedding an anti-racism and anti-oppression approach in systems, policies, practices, and services

Strengthen the delivery and **coordination of services** across the care continuum

Grow, connect, and strengthen **community partnerships** and engagement

Advance **racial equity** by embedding an anti-racism and anti-oppression approach in systems, policies, practices, and services

- Reduce health disparities and improve population health
- Collect and evaluate, share, and use data to build accountability
- Empower our community through inclusion and engagement
- Build capacity to improve health equity and decrease anti-Black and anti-Indigenous racism

Strengthen the delivery and **coordination of services** across the care continuum

- ❑ Reduce barriers to care delivery and care coordination across the care continuum for target populations (COPD, CHF, Lower Limb Preservation, Seniors, Substance Use, Palliative Care, etc.)
- ❑ Integrate digital health tools to improve population health outcomes, enhance patient and provider experience, reduce the costs of care and advance health equity

Grow, connect, and strengthen **community partnerships** and engagement

- ❑ Increase, enhance, and sustain OHT participation to strengthen service delivery and relationships

**NORTH WESTERN
TORONTO**

Ontario Health Team
