The HUB@2115

Welcome to the HUB@2115 – a collaborative hub initiative of community services for your care, closer to home.

Navigating healthcare can be overwhelming, and the HUB is here to make things simpler. We offer a number of services, including:

- Settlement Services
- Employment Services
- Health and Social Care Navigation
- Mental Health and Wellness Supports
- Diabetes Education and Counselling

The HUB@2115 community partners include:

Community Updates

**We are recruiting Client, Caregivers, and Community Members!**

Would you like an opportunity to shape the future of health and social care services in North West Toronto?

We are welcoming Clients, Caregivers, and Community (CCC) members who want to share their voices and make a difference. There are many ways to engage and provide your insights; through surveys, focus groups and participation in working groups. Your role will be crucial in ensuring that the perspectives of clients, caregivers and community members are integrated into the work of the NWT OHT.

If this sounds like something you'd like to be part of, please complete the onboarding form on our website.

[Click here to visit the CCC page on our website and learn more](#)

**The NWT OHT Website got a refresh!**

The NWT OHT website got a fresh new look! The updated site will make it easier to find information, stay connected with our initiatives, and access community resources.

Project Updates

MHSU Project Recruitment

We are currently recruiting for the new Mental Health and Substance Use Projects!

**Clinician Capacity Building****Community Services Outreach & Education****Care Pathways**

If you are a **staff member** at any one of our partner organizations and are interested in any of the new projects, reach out to Jillian Monize (JMonize@hrh.ca).

IPCT Expansion Funding

The Ontario government is investing more than **\$1.8 billion** to support Ontario's Primary Care Action Team deliverables. As part of this work, they are funding the expansion or creation of new Interprofessional Care Teams (IPCT) through 4 rounds of funding proposals.

Round 1 was due on May 2nd and was focused on communities, designated by postal code, who have the highest rate of people not connected to a primary care provider or team, including those on the Health Care Connect waitlist. The Ontario Health Teams and Primary Care Networks are responsible for coordinating proposals for each community. The North Western Toronto Ontario Health Team and Primary Care Network coordinated proposals for our region for our **target postal code: M6M**.

As part of the Round 1 process, a callout was made for any primary care organizations providing care within the M6M postal code to submit a proposal for consideration to the NWT PCN Steering Committee. A sub-committee of the NWT PCN Steering Committee reviewed all proposals and unanimously voted on submitting the proposal from Unison CHC and Schulich FMTU where the Unison CHC would expand to include the Schulich FMTU.

Ontario Health will notify successful candidates in summer 2025. The **second round of proposals** for IPCT funding is expected to be in the **fall of 2025**. If you or your organization is interested in gaining access to Interprofessional Care Team funding, please reach out to victoria.warwick@amplifycare.com.
