

The **NEW Primary Care Central Intake Form** helps you connect to primary care (family doctors, nurse practitioners) and community supports in North Western Toronto.

Looking for a Family Doctor?

We can help!

★ How does it work?

1. Tell Us About Your Needs

Complete the [online intake form](#) to tell us about your health needs and the supports you may be looking for.

2. We Find the Right Supports

A care navigator will review your information to help you find primary care and other helpful services in your community.

3. Get Connected to Care

When a primary care match is found, you will get a letter with information on how to book your first appointment. For other supports, someone may call you to help link you to the right services.

If you live in **North Western Toronto** and your postal code starts with **M3J, M3K, M3L, M3M, M3N, M6A, M6B, M6L, M6M, M9L, M9M, M9N, M9P, or M9R:**

You can also check out these clinics that are **accepting new patients!**

Why have a family doctor or nurse practitioner?

A regular primary care provider offers ongoing, personalized care with many benefits:

Continuity of Care - Your family doctor/NP knows your full medical history and can track your health over time.

Preventive Care - Regular checkups and screenings help keep you healthy.

Health Records in one place - All your health information is stored in one place.

Referrals to Specialists - Easy access to referrals.

Trusted Relationship - Build a connection with someone who can help you and your health.

★ Who can sign up?

Open to anyone looking for a family doctor or NP in North Western Toronto - with or without OHIP.
