TPH Dental Clinics: Now Accepting Eligible CDCP Clients

To support lifelong health and well-being of Torontonians, [TPH Dental Clinics](#) are now welcoming eligible clients through the Canadian Dental Care Plan (CDCP).

TPH already provides free dental care to eligible residents of all ages through government-funded programs. However, CDCP helps us expand access so more people in our community can get the care they need. TPH is accepting CDCP for adults aged 18–64 with an adjusted family net income of \$70,000 or less.

Residents can call contact TPH at publichealth@toronto.ca or 416-338-7600, Monday to Friday, from 8:30 a.m. to 4:30 p.m., to confirm eligibility. Service is available in multiple languages.

We are proud to help even more Torontonians – now that's something to smile about!
